Description

Come and feel the beauty of this watch. This is a replica Rolex Daytona 116599RBOWV3 Rainbow watch made by Clean Factory, with a diamond design. The dial color is black, with a metal strap. A very unique watch. The rainbow diamond design surrounds the dial, like the rainbow that you have a chance to see after the rain. Full of hope and vitality, feel the vitality that gives you strength in life. The beauty that you will definitely meet in life can also be held in your hands.

Exquisite three-layer dial, no color difference, no flaws, each part is electroplated. The bezel is filled with precisely matched black oil to present the same matte effect as the original.

The watch is equipped with a new customized Rolex exclusive Cal.4130 automatic

winding movement, which matches the thickness of the original. Each function is 100% realized, equipped with an unprecedented customized KIF shock absorber. The entire assembly follows the design of the genuine Cal. 4130 movement, and all three plywoods perfectly reflect the original from the chamfers to the sunburst pattern, maintaining 1:1 respect for the original design. This not only surpasses all Daytona replicas on the market, but is also the only replica that can rival the original.

Sunburst pattern, all three layers respect the original design, with a perfect 1:1 ratio.

Clean Factory's replica Rolex Daytona watch uses 904L material, 4130 movement, AR strap, clean dial/unique version, clean ceramic ring and polished factory hands, with a thickness of 12.2-12.3.

The seam between the glass and the case is completely transparent, and no white edges can be seen. The curvature of the glass edge is consistent with the original, the height of the ceramic ring protruding from the glass is consistent with the original, the ceramic ring has a stronger rounded feel, the font is clean, and the edge of the ceramic ring is slightly rounded.

The luminous fill height is moderate and the brightness is good, the font is printed three-dimensionally, and the size of the small black circle is consistent with the original.

The strap or case fits seamlessly, the top of the strap/case is flush with the case, and the tail is slightly concave. The bottom of the strap or case is concave with the watch head, which is consistent with the original.
