The replica watch is available with a silver dial and is equipped with a customized 3230 movement. It is exquisite and elegant, with a strong gloss and high quality.

Description

This is the world of clean factory fine goods. This replica Rolex M124300-0001 watch, produced by Clean Factory, features a silver dial, measures 41 mm, and is presented on a metal strap. The subdued color, unassuming and unpretentious, conceals its exceptional quality. Its understated appearance reflects the wearer's character, offering a sense of stability and practicality. Furthermore, its exceptional quality and meticulous craftsmanship place it among the best replica watches.

This 41 mm watch is equipped with the precision-crafted Caliber 3230 movement, crafted using 1:1 precision molds. The striking similarity between the original and replica components is evident, including the faithful reproduction of the highly sought-after Tiffany blue color.

The exquisite details extend to the clasp engraved with the brand logo, using groundbreaking CNC engraving technology. Luminous treatment on the inside adds a touch of brilliance to the impeccable design. Discover the unique features that make Rolex watches truly unique, including the use of the original SL blue luminescent material.

Discover the latest collection of top-tier replica watches from Clean Factory. This new Rolex Oyster Perpetual showcases impeccable craftsmanship and attention to detail.

Specification
