Description

We present this factory clearance replica Rolex Datejust M126333-0021, measuring 41 mm. This watch features a gold dial and a metal strap. The all-gold dial features a textured design. The Datejust dial displays a practical and thoughtful calendar function. Every detail has been meticulously and meticulously reproduced. The watch is exceptionally fine, comfortable to wear, and enhances your style. This is a replica watch of exceptional quality and craftsmanship.

The watch is crafted from 904L stainless steel and is available with either an AR steel bracelet or an IP vacuum-plated platinum bezel, ensuring fade resistance and free replacement.

The dial's sunburst pattern is highly authentic to the original, while the unique calendar

font allows for authentic 1-31 date comparisons.

The hands and crown feature a consistent luminous finish, thanks to the use of the same color, third-party processing, and in-house Swiss C1 and C3 luminous powder.

The platinum-plated crown and crown index add a touch of luxury to the watch. While Clean Factory's limited collection is limited, each piece is a masterpiece, their dedication to perfection solving common industry challenges.

Exquisite details extend to the clasp engraved with the brand logo, crafted using a groundbreaking CNC engraving process. Luminous treatment on the inside adds a touch of brilliance to the impeccable design.

Clean Factory introduces the Rolex 41mm series, a meticulously crafted replica of the Rolex Datejust. Equipped with the Rolex Datejust's 72-hour guaranteed-free movement, it is integrated one-to-one with the Super 3235 movement, offering both aesthetics and stability.

New Product Features:

- 1. This time, we are introducing a simple gold Rolex Datejust.
- 2. Champagne-colored dial with studded indexes, zero color variation.
- 3. The bracelet also features three sections, all components electroplated.
- 4. The dogtooth bezel is 18K gold-plated.
- 5. More Rolex Datejust colors will be available in the future.
