Description

The journey of discovery never stops. Clean Factory presents this replica Rolex 116613LN-0001 watch, measuring 40 mm. This watch features a black dial and a metal strap. In addition to the standard model, the watch's color scheme is enhanced with gold accents, adding a beautiful and refined look. This watch embodies meticulous attention to detail and a vivid storyline, all of which are the result of meticulous craftsmanship. Masterpieces strive for the utmost in perfection when reproducing classics.

Let's take a look at some of the details below:

Highly Similar Color to Original Ceramic Components: The color of our watches closely resembles the original, clean ceramic components, a hallmark of high quality. Beware of counterfeit products, and carefully distinguish genuine from fake.

Perfectly Replica Luminous Beads: We use warm-toned luminous beads to perfectly replicate the clean ceramic bezel and beads of the Submariner, ensuring superior luminous performance.

While Clean Factory offers a limited selection of models, each one is a masterpiece, addressing most of the pain points associated with Rolex Submariner watches on the market. Our pursuit is always one of perfection, offering exceptional quality and meticulous attention to detail.

1:1 Authentic Movement: Our replica Rolex Submariner watch features a 1:1 replica movement, equipped with the robust and stable Caliber 3235, boasting a power reserve of up to 72 hours.

High-quality Materials: The entire watch is crafted from 904L stainless steel and paired with an original AR strap, ensuring exceptional durability and corrosion resistance.

Unique Dial Design: We utilize an exclusive "flat-top dial" design without feet, showcasing a unique style and aesthetic.

Unique Calendar Font: Our watches utilize the only authentic calendar font, and the fonts for dates 1 through 31 are meticulously matched to ensure perfect reproduction of every detail.

Luminous Effect: To achieve this luminous effect, we use a combination of third-party processing and in-house sourced Swiss C1+C3 luminous powder. Color consistency is crucial for the luminous effect of the hands and hour markers. Watch studs are IP platinum electroplated: Our watch studs are IP platinum electroplated, which enhances the overall appearance and brings a high-end texture.
