Short Description

We would like to introduce this Rolex Datejust M126234-0051 replica watch released by Clean Factory. The replica watch is available with a mint green dial and is equipped with a customized 3235 movement. It has an elegant appearance and superior quality, making it a leader among replicas.

Description

Next up is the replica Rolex M126234-0051 watch launched by Clean Factory, with a size of 36mm. The dial of this watch is mint green, a relatively fresh color, and is paired with a metal strap. Mint green gives people a refreshing feeling, a relaxed and pleasant power. Wearing it, you will feel that your inner pressure is released and your mood is relieved. It can make you feel more pleasant.

Let's introduce more details. The Rolex Datejust 36mm replica women's watch series displayed by Clean Factory is an exquisite replica of Rolex watches. It uses the Rolex 72-hour free-calender movement and the one-to-one Super 3235 integrated movement, which combines beauty and stability.

This watch is made of 904L stainless steel, with an AR steel strap and IP vacuum-plated

platinum gear ring to ensure that it is not easy to fade and can be replaced free of charge.

The sunburst pattern on the dial is very similar to the original, and the unique calendar font on the market allows for true 1-31 date comparison.

Using the same color system, third-party factory processing, and purchasing Swiss C1+C3 luminous powder, the hands and nails have the same brightness.

Platinum-plated nails and crown scales add a luxurious texture to the watch. Although Clean Factory's selection may be limited, each piece is a masterpiece that solves common industry concerns and is committed to perfection.
