Description

This is a 36mm replica Rolex Datejust M126234-0017 watch crafted by Clean Factory. This replica watch features a blue dial and a metal strap. This blue, like a deep sapphire, exudes an elusive mystery. It's captivating, inviting your gaze for a long time, as if to see through your thoughts. Its mysterious elegance is irresistible.

Let's take a look at some other details:

This Clean Factory-produced Rolex Datejust 36mm replica women's watch is a refined replica of a Rolex watch. It utilizes the Rolex 72-hour free-standing movement and the one-to-one Superlative 3235 integrated movement, combining beauty and stability.

This watch is crafted from 904L stainless steel and paired with an AR steel bracelet and

an IP vacuum-plated platinum bezel, ensuring it resists fading and is replaceable free of charge.

The dial's sunburst pattern closely resembles the authentic model, and the unique calendar font on the market allows for true 1-31 date comparison.

Using a matching color scheme, the dial is finished by a third-party factory, and Swiss C1+C3 luminous powder is sourced to achieve the same brightness on the hands and pins.

Platinum-plated pins and crown markers add a luxurious touch to the watch. While Clean Factory's selection may be limited, each piece is a masterpiece that addresses common industry concerns and strives for perfection.
