Short Description

This issue features a masterpiece from Clean Factory, a replica Rolex M126619lb-0003. This replica watch features a striking black dial, a blue bezel, and a metal strap. Powered by a custom caliber 3235, it boasts exceptional quality.

Description

Let's take a closer look at the Clean Factory replica Rolex Submariner M126619lb-0003. This watch measures 41 mm and features a stylish and beautiful dial. The blue and black combination resembles the blue ocean beneath the night sky, quietly gazing at each other with a deep, timeless, and mysterious quality. It's paired with a metal bracelet. The watch's classic design is beautiful and elegant, ready to withstand the test of time. May you fall in love at first sight.

While Clean Factory offers a limited selection of styles, each one is a masterpiece, addressing many of the shortcomings of the Rolex Submariner in the market. We consistently strive for perfection, delivering exceptional quality and meticulous attention to detail. Let's take a look at where these details shine:

1:1 Top-Quality Movement: Our replica Rolex Submariner watches utilize a 1:1 top-

quality movement, equipped with the powerful and highly stable Caliber 3235, which offers a 72-hour power reserve. Premium Materials: The entire watch is crafted from 904L stainless steel and paired with an AR factory bracelet, ensuring exceptional durability and corrosion resistance.

Unique Dial Design: Our watch features a unique "flat-top dial" design without a base, creating a distinctive style and aesthetic.

Unique Calendar Font: Our watches feature the only authentic calendar font, with detailed comparisons made to the fonts for the dates 1 through 31 to ensure perfect reproduction of every detail.

Luminous Effect: To achieve this luminous effect, we utilize a combination of third-party processing and in-house sourced Swiss C1+C3 luminous powder. Color consistency is crucial for achieving the luminous effect on the hands and hour markers.

IP Platinum-Plated Pins: Our watch pins are treated with IP platinum electroplating, enhancing the overall appearance and providing a premium feel.

Similar to Original Ceramic Components: The color of our watches closely resembles authentic, clean ceramic components, a testament to their high quality. Beware of counterfeit products, and carefully distinguish between genuine and fake.

Perfect replica of luminous pearls: We use warm-toned luminous pearls to perfectly replicate the Submariner’s clean ceramic bezel and luminous pearls to ensure excellent luminous performance.

Specification

Features	
Brand	Rolex
Model	Submariner
Serial Number	M126619LB-0003
