Short Description

Welcome everyone, and I would like to recommend the Rolex GMT-Master II M126710BLNR replica watch released by Clean Factory. The replica watch is available with a black dial, which is elegant and generous, and has long-lasting and stable power.

Description

Thanks for your interest! Let's take a look at this Rolex Datejust replica watch, the M126710BLNR-0002 Batman 3285, which was released during factory clearance. This watch features a black dial and a metal bracelet. The dial's black and blue color scheme creates a stylish and distinctive design. The dial's indices are playful and playful, adding a touch of style. This watch is both elegant and uniquely crafted. It's a classic and must-have for fashionistas.

Please see below for a detailed description of the various advantages:

This factory-replica Rolex GMT Master II ceramic bezel features rounded corners at the 12 o'clock triangle, top corners, and bottom corners, and sharp corners, consistent with the original.

The watch case is entirely made of 904L stainless steel, perfectly recreating the overall GMT case shape and refining the GMT's rotating feel. The crown and handle also feature an embossed crown. The caseback is also polished and brushed, consistent with the original, while the bottom of the case is brushed. The fit between the caseback and the case is nearly identical. You can compare the gap between the handle and the case yourself.

When it comes to fonts, depth is only one aspect. The original process required the bottom of the font to be perpendicular to the main body of the font at a 90-degree angle. This effect can only be achieved through integrated molding. Laser typing can result in a series of problems such as bevels, rough shadows, and collapsed edges.

The font depth is consistent with the original, sinking 0.13 mm. A corner of the front edge has been polished, and the plating color has been digitally adjusted. While most products on the market are pure gold, the original will have a slight reddish tint. Visually, it's much more pleasing.

Specification

Features	
Brand	Rolex
Model	GMT Master II
Serial Number	M126710BLNR-0002-3285
