Short Description

I recommend this Rolex Submariner 116619LB-97209 replica watch released by Clean Factory. The replica watch has a blue dial and is equipped with a customized 3135 movement. It has high quality and is perfect both in appearance and interior and is extremely close to the original.

Description

Take a look at this Rolex Submariner replica watch, the 116619LB-97209, crafted by Clean Factory. It features a 40mm blue dial and a metal strap. Fans of the color blue shouldn't miss this exquisite replica watch. Its classic design and deep, enduring color scheme are sure to impress. Its exceptional glossiness and stylish design create a lasting and enduring appeal. Paired with solid-colored outfits, it's the perfect finishing touch, adding a touch of personal flair.

Let's take a look at the advantages of this Submariner watch:

Perfectly Replica Luminous Pearls: We utilize warm-toned luminous pearls to perfectly replicate the Submariner's clean ceramic bezel and pearls, ensuring exceptional luminescence.

While Clean Factory offers a limited selection of styles, each one is a masterpiece, addressing most of the pain points associated with the Rolex Submariner in the market. Our unwavering pursuit of perfection ensures exceptional quality and meticulous attention to detail.

1:1 Authentic Movement: Our replica Rolex Submariner watch features a 1:1 replica movement, equipped with the powerful and highly stable Caliber 3135, offering an exceptional 72-hour power reserve.

High-Quality Materials: The entire watch is crafted from 904L stainless steel and paired with an AR factory bracelet, ensuring exceptional durability and corrosion resistance.

Unique Dial Design: Our watch utilizes a unique "flat-top dial" design without a foot, showcasing a unique style and aesthetic.

Unique Calendar Font: Our watch utilizes the only authentic calendar font, with the font for dates 1 through 31 meticulously compared to ensure flawless reproduction.

Luminous Effect: To achieve this luminous effect, we use third-party processed and in-house sourced Swiss C1+C3 luminous powder. Color consistency is crucial to achieving the luminous effect on the hands and hour markers.

IP Platinum-Coated Pins: Our watch pins are IP platinum-coated, enhancing the overall appearance and providing a premium feel. Very similar to original ceramic parts: The color of our watches is very similar to original clean ceramic parts, which symbolizes high quality. Beware of counterfeit products, and pay attention to distinguish the real from the fake.

Specification
