Description

Don't miss this Rolex Submariner M126613LN-0002 replica watch, meticulously crafted by Clean Factory. Measuring 41 mm in diameter, it features a black dial and a metal bracelet with silver edges and a gold center, creating a unique and stylish look. The watch's appearance and feel are both premium. The meticulously crafted interior highlights the exceptional craftsmanship, making it a truly exceptional replica. Those who prefer the black color scheme should definitely check this model out.

Detailed description of the advantages of this watch:

Incredibly similar to original ceramic components: The color of our watches closely resembles the original, clean ceramic components, a hallmark of high quality. Beware of

counterfeit products, and carefully distinguish between genuine and fake.

Perfectly replicated luminous pearls: We utilize warm-toned luminous pearls to perfectly replicate the Submariner's clean ceramic bezel and luminous pearls, ensuring excellent luminescence.

While Clean Factory offers a limited selection of styles, each one is a masterpiece, addressing most of the market's pain points associated with the Rolex Submariner. Our pursuit of perfection always leads to exceptional quality and meticulous attention to detail.

1:1 Authentic Movement: Our replica Rolex Submariner watches feature a 1:1 replica movement, equipped with the powerful and highly stable Caliber 3235, offering an exceptional 72-hour power reserve.

High-Quality Materials: The entire watch is crafted from 904L stainless steel and paired with an AR factory bracelet, ensuring exceptional durability and corrosion resistance.

Unique Dial Design: We utilize a unique "flat-top dial" design without feet, showcasing a distinct style and aesthetic.

Unique Calendar Font: Our watches utilize the only authentic calendar font, with the font for dates 1 through 31 meticulously compared to ensure flawless reproduction.

Luminous Effect: To achieve this luminous effect, we use third-party processed and in-house sourced Swiss C1+C3 luminous powder. Color consistency is crucial to achieving the luminous effect on the hands and hour markers. Watch Pins IP Platinum Plated: Our watch pins are IP Platinum plated, which enhances the overall appearance and provides a premium feel.
