

Clean Factory Rolex GMT Master II M126711CHNR-0002 Black Dial

Brand: Clean Factory
Product Code: M126711CHNR-0002
Availability: In Stock
Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Price: ~~\$959.00~~ \$635.00

Short Description

Friends who like Rolex, please take a look. This is the Rolex Greenwich II M126711CHNR-0002 replica watch released by Clean Factory. The replica watch is available with a black dial and is equipped with a customized 3285 movement. The color matching of the dial is quite distinctive and worth savoring.

Description

I highly recommend this Rolex GMT Master II M126711chnr-0002 replica watch, a replica of the Rolex factory. It features a black dial and a metal strap. The black and red color scheme on the outer bezel is unconventional, creating a unique design. This watch is exquisitely crafted and boasts a stunning finish. The movement is a one-to-one replica of the original, ensuring exceptional quality. This replica watch is stylish and elegant, a rare gem that I hope will be appreciated by those who appreciate it.

The ceramic bezel of this replica features rounded corners at the 12 o'clock triangle, top corners, and bottom corners and sharp corners, ensuring consistency with the original.

When it comes to fonts, depth is only one aspect. The original process required the base of the font to be perpendicular to the body of the font at 90 degrees. This effect can only

be achieved through molded parts, while laser typing can lead to issues such as beveled surfaces, rough shadows, and broken edges.

The font depth is consistent with the original, sinking 0.13 mm. A corner of the front edge has been polished, and the plating color has been digitally adjusted. While most models on the market are pure gold, the original will have a slight reddish tint. This makes it visually more comfortable.

The watch case is entirely made of 904L stainless steel, perfectly recreating the overall GMT case shape and refining the GMT rotation feel. The crown handle also features an embossed crown. It uses the same caliber 3285 movement as the original. The caseback is also polished and brushed, consistent with the original, while the case bottom is brushed. The fit between the caseback and the case is nearly identical. You can compare the gap between the handle and the case yourself.

In the inner shadow, the tail of the letter "R" is slightly protruding, as is the caseback. If I had to find a flaw, it would be the inner shadow. The shadow is not as detailed as before, due to the limitations of domestic laser technology and equipment.

Specification

Features	
Brand	Rolex
Model	GMT Master II
Serial Number	M126711CHNR-0002
Gender	Man
Movement Type	Automatic Movement
Movement Model	cal. 3285 Automatic Movement
Case Size	40mm
Case Material	904L Stainless Steel
Hands and Markers	Black-edge hands and hour markers precisely replicate the design and shape of the original
Bezel	Bi-directional rotatable bezel with a Cerachrom ceramic insert in black and brown, allowing for dual-time zone tracking. The engraved 24-hour scale helps differentiate between day and night time zones, a signature feature of the GMT Master II. Scratch-res
Crystal	Scratch-resistant sapphire crystal with anti-reflective coating, reducing glare and enhancing clarity. Protects the dial while maintaining a clear, undistorted view of the time.

Dial	Black dial with luminous hour markers and Mercedes hands for easy reading in low-light environments. The classic 24-hour GMT hand, in a bright red color, stands out against the black dial for easy tracking of a second time zone. Date window at 3 o'clock w
Bracelet	Jubilee bracelet made from 904L stainless steel and Everose gold, combining both comfort and durability. Equipped with an Oysterlock folding clasp and Easylink extension, ensuring a secure and adjustable fit for all wrist sizes.
