This is a classic and historic DJ watch in the Rolex collection. It is an understated radiance, seemingly unremarkable, yet it has always been a fixture throughout Rolex's long history. Its effortless and versatile style adapts to any situation.

Below are the details:

The entire watch is crafted from high-quality 904L stainless steel, paired with a factory bracelet and an IP vacuum-plated platinum bezel.

The gray dial is meticulously crafted to closely resemble the original, showcasing exquisite detail and color accuracy.

The date font perfectly matches the original, allowing for side-by-side comparison of the date from day 1 to day 31.

Equipped with a 1:1 Super Clone 3235 automatic movement, it offers a 72-hour power reserve and features a non-stick finish for enhanced stability.

The luminous hands and hour markers utilize Swiss C1+C3 luminescent powders applied by a third-party factory for color consistency.

The crown and indices are electroplated in solid white gold, exuding an elegant appearance.
