Short Description

Welcome everyone, and I recommend this Rolex Datejust M126234-0055 replica watch released by Clean Factory. It is equipped with a custom 3235 movement, a green dial, and a linear design. The classic series continues to upgrade and continue the classic.

Description

We present this rather special, clean factory replica Rolex Datejust M126234-0055 green watch. The dial measures 36 mm and is paired with a metal strap. Besides the olive green dial, the textured design is also a unique and eye-catching feature. The diamond-set indexes also highlight the meticulous attention to detail. A closer look at this watch reveals its exceptional luster. Holding it in your hand, the glossy finish complements the dial's unique texture, creating a beautiful and enduring aesthetic.

Let's delve into the details and experience the pinnacle of excellence in the Clean Factory replica Rolex Datejust collection:

First and foremost, this replica watch is equipped with a 1:1 Super caliber 3235 integrated movement, offering a 72-hour power reserve and featuring decorative embellishments for enhanced stability.

The entire watch is crafted from high-quality 904L stainless steel and paired with an AR factory steel bracelet and an IP vacuum-plated platinum ring, which can be replaced or adjusted free of charge. The dial color is meticulously crafted to closely resemble the original, ensuring a close match.

Our replicas feature a unique calendar font on the market, allowing for accurate comparison of the date font from the 1st to the 31st.

Achieving luminous hands and markers requires precise color matching. Our luminous elements are processed by a trusted third-party factory using Swiss C1+C3 luminous powder.

All nail indexes and crown markers are fully platinum-plated for a refined and luxurious appearance.

While our selection may not be extensive, each clean-styled model is meticulously crafted to address common pain points in the industry, delivering exceptional quality and a commitment to perfection.

Specification
