Short Description

I am very pleased to recommend this Clean Factory release of the Rolex Oyster Perpetual II M126000 replica watch. The replica watch is available in three dials: silver, blue, and green. It is equipped with a customized 3230 movement, three colors, and three different styles.

Description

Clean Factory Replica Rolex Oyster Perpetual M126000-0001 Silver Dial

Welcome to Clean Factory. We are delighted to introduce this replica Rolex Oyster Perpetual M126000 watch. This exquisite watch features three dial colors: silver, blue, and green. Each is a stunning color and looks particularly elegant on the wearer. Paired with a metal strap, it boasts an excellent luster, creating a stylish look. Each color offers its own distinct charm, making it difficult to choose.

If silver is like a cloudy sky, blue is like the vast ocean, and green is like a mysterious primeval forest. Each of these three different colors will surely evoke a different mood.

Thank you again for choosing the Clean Factory Rolex Oyster Perpetual 36mm

collection. We are committed to providing excellent products and services to ensure your utmost satisfaction throughout your shopping experience.

It's well known to watch enthusiasts that an authentic silver-dial model sells for around \$50,000, while the Tiffany Blue model, due to its unique color scheme, sees its price soar to over \$200,000. At Clean Factory, our attention to detail is evident. The medallion on the buckle represents a breakthrough in craftsmanship, achieved through CNC engraving with precise shapes and enhanced internal polish.

The luminous material used is genuine SL Blue SuperLuminous, which has a certain roughness and black spots, a familiar characteristic to anyone who has experienced or seen this watch. This is an inherent attribute unique to Rolex watches.

Specification
