Short Description

Thank you all for visiting. I would like to recommend this Rolex Datejust M126234-0045 replica watch released by Clean Factory. This replica watch is black and gray, equipped with a customized 3235 movement, and has a simple and stylish style.

Description

Continuing with this Clean Factory replica Rolex Datejust M126234-0045 watch, the dial measures 36 mm. Unlike the typical black, this one features a black-gray dial and is paired with a metal strap. Its appearance is remarkably gentlemanly and elegant, with a subtle allure that exudes a unique aura that easily captures the eye. It's a watch you never tire of, like a fine wine that becomes more refined with age.

This replica watch is crafted entirely from high-quality 904L stainless steel and features a factory bracelet and an IP vacuum-plated platinum bezel.

The gray dial is meticulously crafted to closely resemble the original, showcasing exquisite detail and color accuracy.

The date font perfectly matches the original, allowing for side-by-side comparison of the

date from day 1 to day 31.

Equipped with a 1:1 super-cloned caliber 3235 automatic movement, it offers a 72-hour power reserve and features a non-stick finish for enhanced stability.

The luminous hands and hour markers achieve color consistency through the use of Swiss C1+C3 luminous powders processed by a third-party factory.

The crown and hour markers are fully electroplated in white gold, exuding an elegant appearance.

While our selection may be limited to simple designs, each product addresses most of the shortcomings of the original models and offers superior quality and craftsmanship. Our commitment is to provide the ultimate experience.

Thank you very much for choosing the Clean Factory replica Rolex Datejust 36mm collection. We strive to provide excellent products and services to ensure your utmost satisfaction throughout your shopping experience.

Specification

Features	
Brand	Rolex
Model	Datejust
Serial Number	M126234-0045
