Short Description

This time, we recommend the Rolex Datejust M126334-0030 replica watch released by Clean Factory. This replica watch is available with a seaweed green dial and is equipped with a customized 3235 movement. Its powerful core and exquisite appearance will surely make you fall in love with it.

Description

Let's continue with the Clean Factory replica Rolex Datejust M126334-0030 watch. This 41 mm watch features a seaweed green dial and a metal strap. The dial's unique color scheme and grained design add a touch of sophistication, resembling a piece of jade, evoking a profound story, and inspiring the imagination. This is a refined replica of a Rolex watch. It utilizes the Rolex 72-hour free-card movement and the one-to-one Superluminova 3235 integrated movement, combining both aesthetics and stability.

To achieve a closer match to the original, the watch is finished in the same color by a third-party factory, and Swiss C1+C3 luminous powder is used to ensure consistent brightness on the hands and studs.

The platinum-plated studs and crown markers add a touch of luxury. While the selection

of Clean Factory men's watches may be limited, each piece addresses common industry concerns and strives for perfection.

This watch is crafted from 904L stainless steel and features an AR steel bracelet and an IP vacuum-plated platinum bezel. The bezel is guaranteed to be resistant to fading and is replaceable free of charge.

The sunburst pattern on the dial closely resembles the original, and the calendar font, unique on the market, allows for authentic 1-31 date comparisons.

Specification

Features	
Brand	Rolex
Model	Datejust
Serial Number	Datejust
