Short Description

What we bring to you again is the replica Rolex Datejust M126334-0018 watch released by Clean Factory. The replica watch is available with a black dial and is equipped with a customized 3235 movement. The unparalleled craftsmanship presents you with a high-level and high-standard replica watch, which is meticulous and highly professional.

Description

Follow our footsteps and continue to pay attention to this replica watch. This M126334-0018 is a classic Rolex date watch with a size of 41mm. The dial color is black and matched with a metal strap. Not only is the style classic, but the color matching is also a commonly used classic match. Although it is not so swaying and colorful. But low-key, durable, stable, and peaceful, these seemingly calm and low-key are actually powerful enough to make people praise it.

Let's learn about other details:

First of all, it is equipped with the Rolex Date 72-hour cardless movement and the one-to-one super 3235 integrated movement, which is both beautiful and stable.

And the watch is made of 904L stainless steel, and you can choose AR steel strap and IP

vacuum-plated platinum tooth ring to ensure anti-fading and free replacement.

The sun-radiated pattern on the dial is very similar to the original, and the market-unique calendar font can achieve a true 1-31 date comparison.

By using the same color, processing by a third-party factory, and purchasing Swiss C1+C3 luminous powder by ourselves, the same brightness of the hands and nails is achieved.

The platinum-plated nails and crown scales add a luxurious touch to the watch. Although the product range of Clean Factory Shop is limited, each one is a masterpiece, solving common concerns in the industry with a commitment to pursuing perfection.

Specification

Features	
Brand	Rolex
Model	Datejust
Serial Number	M126334-0018
Gender	Man
Movement Type	Automatic Movement
Movement Model	Cal.3235 Automatic Movement
Case Size	41mm
Case Material	904L Stainless Steel
Hands and Markers	Black-edge hands and hour markers precisely replicate the design and shape of the original
Bezel	Fluted 18K white gold bezel, which provides a touch of sophistication and luxury, a hallmark of the Datejust design. The fluted bezel enhances the visual appeal of the watch, providing a distinct contrast against the polished steel case.
Crystal	Scratch-resistant sapphire crystal with an anti-reflective coating to reduce glare and maintain a clear view of the dial. The crystal ensures durability and clarity, protecting the dial from scratches while offering optimal legibility.
Dial	The bold black dial is designed to exude elegance and contrast beautifully with the white hour markers and silver hands. Date window at 3 o'clock with the iconic Cyclops lens for an enhanced date reading experience. Luminous hour markers and hands for sup
