Short Description

It is my honor to present this replica Rolex Datejust M126334-0014 released by Clean Factory. The replica watch is available with a gray dial and is equipped with a customized 3235 movement. It has excellent quality, cool appearance and powerful power.

Description

Next, I will explain this replica watch to you, which is the Rolex Datejust M126334-0014, with a size of 41mm. The color of this model is a gray dial with a metal strap. Unlike pure black, gray has its own unique charm. It is not so dark and slightly restrained. It releases another personality. Can you feel it? Then everything is self-explanatory.

Let's continue to present various details to you:

1. This watch is equipped with the Rolex Date 72-hour cardless movement and the one-to-one Super 3235 integrated movement, which is both beautiful and stable.
2. The sun-radiated pattern on the dial is very similar to the original, and the unique

calendar font on the market can achieve a true 1-31 date comparison.

- 3. The same brightness of the hands and studs is achieved by using the same color, processing by a third-party factory, and purchasing Swiss C1+C3 luminous powder by yourself.
- 4. The watch is made of 904L stainless steel, with an optional AR steel strap and IP vacuum-plated platinum gear ring, ensuring anti-fading and free replacement.
- 5. The platinum-plated nails and crown markings add a touch of luxury to the watch. Although Clean Factory's product range is limited, each one is a masterpiece that solves common concerns in the industry with a commitment to pursuing perfection.

Specification

Features	
Brand	Rolex
Model	Datejust
Serial Number	M126334-0014
Gender	Man
Movement Type	Automatic Movement
Movement Model	Cal.3235 Automatic Movement
Case Size	41mm
Case Material	904L Stainless Steel
Hands and Markers	Black-edge hands and hour markers precisely replicate the design and shape of the original
Bezel	A smooth, polished stainless steel bezel that enhances the overall clean and sleek look of the watch. Perfect for both formal and casual occasions, adding a touch of elegance to any outfit.
Crystal	The watch features a scratch-resistant sapphire crystal with an anti-reflective coating, ensuring clarity and durability. The Cyclops lens magnifies the date window for easy viewing, just like the original Rolex Datejust.
Dial	The elegant grey dial is complemented by silver hour markers and hands, providing excellent contrast for easy readability. A classic date window positioned at 3 o'clock, magnified by the Cyclops lens for easy date reading. The grey dial catches the light
Bracelet	The Jubilee bracelet, made of 904L stainless steel,

is both comfortable and durable. Equipped with an Oysterlock folding clasp for secure and easy wear. The bracelet's fine craftsmanship adds to the overall refined appearance of the watch.
