Short Description

Grateful for the encounter, I recommend this Clean Factory-released Rolex Datejust M126334-0021 replica watch. The replica watch has a gray dial to choose from and is equipped with a customized 3235 movement. It has a delicate appearance and a stable and powerful core. It is a high-quality replica watch.

Description

We carefully select and recommend this factory clean replica Rolex Datejust M126334-0021 watch for you, size 41mm. The dial of this watch is gray, with a metal strap. It is a very gentlemanly watch, showing an elegant temperament in every gesture. Gray is a color with unclear boundaries, a few points less than black, not so strong, and it balances its own style between light and dark. If you taste it carefully, you will find it very unique.

Let's continue to explore the meticulously crafted Rolex replica version, this replica watch is equipped with the Rolex Date 72-hour movement. In addition, it has the following details:

Made of durable 904L stainless steel, options include AR steel strap and IP vacuum-

coated platinum gear ring to ensure anti-fading and free replacement.

The sun pattern dial is in the same vein as the original, and the market-unique calendar font allows for true 1-31 date comparison.

Using the same color and self-purchased Swiss C1+C3 luminous powder to achieve the same brightness of the hands and nails makes these watches unique.

The platinum-plated nails and crown scales are also luxurious embellishments. Although the styles of Clean Factory Datejust For Sale are limited, each one is a masterpiece that addresses industry concerns with a commitment to pursuing perfection.

Specification

Features	
Brand	Rolex
Model	Datejust
Serial Number	M126334-0021
Gender	Man
Movement Type	Automatic Movement
Movement Model	Cal.3235 Automatic Movement
Case Size	41mm
