Short Description

With the release of the Rolex M126900-0001 replica watch by Clean Factory, it has attracted the attention of many partners. Today, let's explore this replica watch together. The replica watch has a unique black dial, equipped with a customized 3230 movement, and a dial made of luminous materials. The design is considerate. You can read the time even in the dark. The style is simple and elegant, and the function is superior.

Description

Today, let's take a deep look at the Clean Factory Rolex Air King M126900-0001 black dial replica watch. This timepiece is equipped with a 3230 movement, a metal strap, and a major change in appearance compared to its predecessor, bringing more different wearing experience. Adhering to the spirit of pursuing the ultimate in manufacturing, we hope that this carefully crafted replica watch can bring you a brand new wearing experience. It is not only a recorder of time, but also a capable assistant to accompany your daily work and life. Own it, happy every day. Here is an introduction to various details.

First of all, the product highlights:

Luminous dial markings: The 3, 6 and 9 marks on the dial are made of luminous material, which enhances visibility in low light conditions.

Shoulder guard design: The case adopts a shoulder guard design to improve protection and aesthetics.

Detail adjustment: The number at the 1 o'clock position is changed from 5 to 05, showing a more refined design.

Overall, the Clean Factory Rolex Air King M126900-0001 black dial watch presents a sporty and harmonious appearance. Factory C continues to use genuine molds to ensure impeccable craftsmanship. Please pay attention to the comparison between the original and the replica to show the excellent quality and craftsmanship.

In addition to the above design highlights, there are more details that highlight the uniqueness of this watch. Let us introduce them one by one:

Luminous display: Chromalight luminous material, filled in the hands and hour markers, provides a long-lasting blue luminous effect, which is convenient for reading time in the dark.

Material and craftsmanship: Use the same 904L stainless steel and sapphire crystal mirror as the original to ensure consistency with the original in texture and visual effects.

Movement simulation: The appearance of the replica movement is similar to the original Rolex Caliber 3230 movement, with similar functions and power reserves, and can provide higher accuracy.

Details: The green Rolex logo and yellow crown logo on the dial, Arabic numerals and hour markers, and other design elements try to restore the visual effects of the original.

Green and yellow details: The green "Rolex" logo and yellow crown logo on the dial make the dial more unique and eye-catching.

High Simulation: Clean Factory's replica Air-King strives to be completely consistent with the original in details, including the case, dial, hands, bezel, lettering, and color matching.

Suitable for daily wear: This replica watch is not only similar to the original in appearance but also performs well in terms of comfort and durability for daily use.

Specification

Features	
Brand	Rolex
Model	Air King
Serial Number	M126900-0001
Gender	Man
Movement Type	Automatic Movement
Movement Model	Cal. 3230 Automatic Movement
Case Size	40mm
Case Material	904L Stainless Steel
Hands and Markers	Hands: white gold plated hands with luminescent display and a distinctive green central seconds hand
