### Description

This Clean Factory replica of the classic Rolex Datejust M126334-0006 watch, measuring 41 mm, is a meticulously crafted replica of the original Rolex Datejust. The dial is the classic gray and is paired with a metal strap. The indices are diamond-set, and the dial has a stunning mirror finish. This is a calming and elegant replica that embodies the elegance of classic Rolex timepieces. Its exceptional quality makes it a top-tier and leading replica.

Additional highlights include:

This watch is equipped with the Rolex Date 72-hour cardless movement and the one-to-one Supercaliber 3235 integrated movement, combining beauty and reliability.

The watch is crafted from 904L stainless steel and is available with an AR steel bracelet and IP vacuum-platinum-plated bezel, ensuring fade resistance and free replacement.

The dial's sunburst pattern closely resembles the original, while the unique calendar font allows for true 1-31 date contrast.

The same brightness of the hands and watch nails is achieved by using the same color, using a third-party factory for processing, and purchasing Swiss C1+C3 luminous powder by ourselves.
